

Experience the joy of better hearing!

The Effects of Living with Hearing Loss

Did you know research studies show that older adults with hearing loss who choose not to wear hearing aids experience:

- Reduced enjoyment or avoidance of previously enjoyed leisure activities.
- More depressed feelings or lowered self-esteem.
- Inappropriate responses in conversations and social situations.
- Difficulty with telephone communication.
- Strained relations with family and friends.
- More job-related stress.

An Easy Solution

However, research also shows that older adults with hearing loss who do choose to wear hearing aids experience:

- Higher levels of self-esteem.
- An increase in social interaction and confidence communicated in that type of environment.
- Improved relationships with spouse, family and friends.
- Better speech understanding on the telephone.
- Overall higher ranking of life satisfaction on surveys.
- Improved job satisfaction.

Help is available

If you have considered getting an upgrade to your existing hearing aid, or have a friend to refer, please don't hesitate to contact us.

"I endured years of hearing loss and didn't realize how bad it was until I was tested and fitted for my hearing aid. I call it my Daily Miracle."

*Anne Keillor
BeaverBank, Nova Scotia*

Your Very Own Doctor!

We are pleased to announce that Susan English-Thompson has completed her Doctor of Audiology Degree from A. T. Still University of Health Sciences in Meza, Arizona.

"Audiology requires complex and diverse skills necessary to meet the challenges of the dynamic healthcare marketplace and I saw the attaining of my Doctor of Audiology degree as a means of enhancing my current knowledge and skills set."

A thank you to all our patients who encouraged Susan during her studies. A special thank you to Susan's husband, Dr. Rodney Thompson, DC and her three children for their love and support during that time. They all traveled to attend her graduation and help her celebrate during the graduation ceremony in Arizona during August.

Mention the word "Arizona" during a visit in November and December and get a complimentary pack of batteries!

Have you visited our new online home?

Sackville Hearing has recently launched a new website. With more and more of our patients looking for information online we are committed to providing you with the latest information.

Visit our new site to get a feel for our new clinic, discover our comprehensive list of services and access links to important partner and information sites.

Over the next year we plan to improve our website offerings including providing useful tools and information, electronic newsletters and of course upcoming events.

Please pass along any comments or suggestions you may have. We hope to make www.sackvillehearing.ca a comprehensive resource for all your hearing needs.

"Your referral is the greatest compliment we can receive."

Have you heard about the Sackville Hearing Centre Referral Program? In response to all of the wonderful referrals our patients have provided over the years we have implemented a referral program to reward your trust and support.

When a new person presents a referral card at their appointment or mentions your name you will receive a special gift, courtesy of Sackville Hearing Centre. For every person you refer who comes in for an exam, your name will be entered into a quarterly draw for a special gift!

We appreciate the trust you place in us with your referrals and look forward to being a clinic worthy of your support.

I highly recommend Sackville Hearing Centre to anyone who needs hearing aids for the first time or is looking for a better experience, or just a change.

Gail Gibson,
Sackville, NS
