

A Few Tips to Get the Most From Your Directional Microphone:

Experience the benefits of technology properly used!

Did you know that a good percentage of the results you will receive from technology will depend on how you are using it? Follow these easy to use tips to get the most out of your directional microphone.

- Always face the person you want to hear.
- Avoid sitting or standing with your back to a wall such as in a restaurant.
- Do not place yourself close to a noise source such as the kitchen or entryway in a restaurant.
- Always try to situate yourself so the majority of the noise is behind you.
- Continue to speech read and look directly at the person you are speaking with for visual clues to help you follow the conversation.

For more tips and help with your technology ask your hearing care professional at Sackville Hearing Centre!

Our success is thanks to all of your support!

Can you believe that we are soon approaching our 12th year of Business in May and then 2 years at our new location in the VIMIGA Professional Centre. Our success is directly tied to you, our loyal patients and your families.

Friends for Life-Dominican Republic

Lifestyle Hearing Network, an audiology network group that Sackville Hearing Centre is a member of became involved with a group called "Friends for Life-Dominican Republic". This group travels twice a year to the Dominican Republic to help those residents in need. The timing of the upcoming March trip did not work out for any of our staff here

at Sackville Hearing Centre to attend. However, we have donated a box of medicine that will be used to help the people of the Dominican Republic. We are pleased to do our small part to help.

Hear. For Life.

Reminder:

Daily maintenance and cleaning is very important to the overall function of your hearing aid and will help it work to the best of its abilities.

Questions or Comments?

If you have any questions or comments, please don't hesitate to give us a call at **865-4455**

You can also email us at **info@sackvillehearing.ca**

If you would prefer to not receive correspondence from us, please let us know at the number/email above.

All around hearing delight!

The new TVLink allows you to enjoy more freedom when watching TV. The sound is transmitted wirelessly and in StereoSound to your hearing instruments. You can now leave the room for a snack without missing any of your favourite TV program.

Contact Sackville Hearing Centre for more information about the Phonak TVLink.

Mention "Dominican Republic" during a visit in March and April and get a complimentary pack of batteries!

Interested in learning more about hearing loss?

Discover what you need to know with our new interactive, online seminar on hearing loss and hearing aids. Visit our website to watch it online.

"Your referral is the greatest compliment we can receive."

Have you heard about the Sackville Hearing Centre Referral Program? In response to all of the wonderful referrals our patients have provided over the years we have implemented a referral program to reward your trust and support.

Congratulations to some of our recent referral program draws!

November 2010 - Jean-Guy Hachey won a \$250 visa gift card.

February 2011 - Victor Gaudet won a Flip Video camera

Committed to Providing the best in Customer Support!

Our office assistant, Deanna Lowe, continues to build upon her skills so she can provide our patients with the best service possible. She recently completed the "Front Desk Academy Certification Program", a 14-week online course aimed at improving office and patient care.

H.Roy White recently sent along a wonderful poem describing his path to better hearing. Visit the Testimonial section on our website to read his insightful thoughts.
